## Accéder à votre certificat dans l'Union Database (UDB)

1

C'est le rôle des schémas volontaires de publier tous les certificats valides sur la plateforme de l'Union Database.

Cependant, dès les premiers mois de l'UDB, c'est le rôle des Opérateurs Economiques de vérifier si leurs certificats ont bien été ajoutés à la plateforme. Par conséquent, pour accéder à votre certificat, vous pouvez suivre l'étape par étape indiquée ici.

Tout d'abord, connectez-vous à l'Union Database.

The screenshot displays the EU Login authentication interface. At the top, there is a yellow banner with a cookie notice and a language selector set to 'English (en)'. The main heading reads 'udb requires you to authenticate' and 'Sign in to continue'. The central form contains an input field for the user's email or unique identifier, a 'Next >' button, and a 'Create an account' link. Below the form, there is an 'Or' separator and a 'Sign in with your eID' option. At the bottom of the form, there is a prompt to download the EU Login app from the App Store or Google Play. The footer includes links for 'About EU Login', 'Cookies', 'Privacy Statement', 'Contact', and 'Help', along with the European Union logo and the text 'Powered by European Commission'.

Si vous n'avez pas encore de compte UDB, veuillez vous référer au document **Étape par étape pour confirmer votre compte**, disponible sur le site de 2BS.
